WILDERNESS EXPERIENCE

In today's modern world, a true wilderness experience is hard to find. There are many destinations across Africa that are ideal for getting back to nature, walking in the wild and heading on safari. However finding a lodge that offers the whole package can be tricky. Century Safaris has put together three lodge recommendations that offer a true 'back to the wild' experience, of course with a touch of luxury included.

AFRICA ON FOOT | SOUTH AFRICA

Africa on Foot specializes in walking safaris in the big-five Klaserie Private Nature Reserve; a wildlife rich region in the heart of the Greater Kruger. The Klaserie shares unfenced borders with the Kruger National Park which means predators and other wildlife roam freely throughout. On a walking safari guests will be led by experienced and professional trail guides through a wildlife area rich with game. In addition to walking safaris, game drives are offered, which allows guests to participate in a full spectrum of safari activities. There are 5 chalets ensuring an intimate and personal safari experience and for the more adventurous there is a treehouse which can be booked at no extra cost.

From rewarding game viewing opportunities to the authentic, tented accommodation, this is the traditional way to spend time in one of Africa's most superb wildlife regions. Guests at Camp Savuti will be accommodated in private and peaceful Meru-style tents. There are 5 individual tents built on elevated wooden platforms offering some height for overlooking the channel. The emphasis of this camp is its natural appeal, and eco-friendly ethos, while maintaining a serene level of luxury. It is an unfenced camp and receives regular wildlife visitors, and offers a diverse landscape ideal for game viewing.
